- ♥ - Poet and Artist
- ♥ - Musician (Percussion and Vox for "Themis")
- ♥ - FGM Victim's Advocate

I am an advocate for people who have experienced FGM in North America. I know this is an uncomfortable thing to talk about. Contact me by email using "Kathleen" at ThemisMusic.com. I write it like that so the bots don't spam me. You can count on me for a good list of resources and my own spiritual calming voice saying "you are going to be all right". I will tell you what I have learned most recently and help you find your solutions. Think about the changes in the world and hope for better things as a new U.S. President takes office. It's OK to dream and hope for a kinder, more tolerant world with greater respect for individual rights and freedoms, wherein your issues will be heard and you will be loved and respected.
