Man with a Mission...

Forty years ago I decided I wanted to make a difference...a major difference, somehow and in some way. I wanted a mission that I could dedicate my life's work to and know that when I left this world it would somehow be better. I will not conclude my efforts until the world crisis, as it relates to drinking water, is over and our children are protected. That's my promise.

**Carl Palmer
Founder, President, Chairman
Seychelle Environmental Technologies, Inc.**

The Global Problem

- **Water – Is the most plentiful substance on earth**
- **Only 2.5.% is fresh 97.5% is salty**
- **Polluted water is killing people worldwide**
- **1.1. billion people lack access to clean water**
- **Between 52 to 118 million people die each year of preventable water related diseases**
- **That's more than 13,000 per day**
- **New potentially deadly contaminants are found every year that lead to cancer, liver, kidney, lung and mental disease**

The problem in the Philippines

**99.99%
Reduction**

Aesthetic

offensive taste, odor, chlorine, silt

Microbiological

Pathogens such as
Cryptosporidium, Giardia and others

Chemical

Industrial voc's (volatile organic
compounds), pcb's (polychlorinated
biphenyls), thm's (trihalomethanes),
agricultural soc's (synthetic organic
compounds), detergents, pesticides, ddt

Dissolve Solids

Heavy metals... Aluminum,
Asbestos, Cadmium, Chromium,
Copper, Lead, Mercury and more

**Removes up to 99.99% of harmful contaminants
and pollutants found in drinking water supplies.**

- It all starts with our state-of-the-art **ADVANCED** filter.
- U.K. Government Environment Agency conducted 150 tests up to 600 liters, including: **Vibrio, Cholera, Anthrax, Salmonella, Benzene and Hepatitis with LIVE pathogens!**
- **ADVANCED** filter has been tested to effectively remove bacteria and virus to six log (99.9999%)

pH increased
up to
9.5pH

The **pH2O PUREWATER** filter created by Seychelle Environmental Technologies, Inc. naturally alkalizes your drinking water to support your health and body's delicate pH balance.

Seychelle's **pH2O PUREWATER** proprietary blend of media naturally:

- creates pure, great-tasting alkaline drinking water
- removes harmful contaminants
- protects beneficial trace minerals to improve your health and wellness.

Seychelle's Ionic Adsorption Micro Filters are the most laboratory and field-tested of their kind in the world using EPA/ANSI protocols and tested to NSF Standards 42 and 53 by Broward Testing Laboratory.

Importance of maintaining bodies natural pH balance.

pH CHART

The foods and beverages we eat have a direct impact on the acid and alkaline balance in your body. A pH of 7 is perfectly neutral. The healthiest pH is one that is slightly alkaline, ranging between 7.35 and 7.45.

Many of the processed foods we consume each day are acid in nature. Improper diet, alcohol, overusing antibiotics, lack of exercise, and chronic stress also cause acidity, which may have a negative effect on the way we feel and live.

When a human body has an acidic pH balance, it decreases the body's ability to absorb minerals and nutrients, as well as reduce the energy production in the cells, and their ability to repair damaged cells. This inability to repair cells could lead to possible fatigue, headaches, joint and muscle pain, weight gain, arthritis, bone loss, diabetes, heart disease or cancer.

Drinking pure, high pH alkaline water neutralizes acidity and helps to support your overall health. It is one of the simplest ways to restore and promote your body's delicate pH balance

Pump 2 Pure

Pump 2 Pure uses Seychelle's Exclusive Ionic-Adsorption Micro-Filtration Technology to eliminate or reduce up to 99.9999% of waterborne contamination such as:

- Aesthetic – Unpleasant taste, odors, cloudiness, silt, sediment, Chlorine
- Bacteriological – Harmful virus, pathogens, Cryptosporidium, Giardia
- Chemicals – Toxic chemicals, Trihalomethanes, PCBs, PCEs, detergents and pesticides (DDT)
- Dissolved Solids – Heavy Metals, Aluminum, Asbestos, Arsenic, Cadmium, Chromium6, Copper, Lead and Mercury
- Reduces up to 90% of Fluoride
- Radiological – Gross Beta, Radon 222, Alpha Radium 226, Uranium, Cesium 134 and 137
- Designed to work with any non-plumbed available water source.
- Increase pH balance up to 9.5

Protect yourself and those you love...filter your drinking water using Pump 2 Pure from any nearby water source and be assured of receiving clean, great tasting, guaranteed quality drinking water.

Included with the Pump2Pure Kit with Dual Supreme Filtration:
